

Barrio is a neighborhood, a community of distinct character, and a place for sharing.

As members of this barrio, we are excited to provide a wide variety of delicious and unusual choices.

The bright and fresh cocktails created by our talented bartenders are designed to pair beautifully with our food.

If spirits aren't your thing, we also provide an extraordinary selection of Latin-focused beer and wine. Drinks of a softer nature, such as 100% sugar cane Mexican coke, and made fresh daily agua fresca are all attempts to bring out the best overall experience...candle wall included.

Please join us on Sundays for half-off bottled wine, and Mondays for half-off all Tequila served neat and by the 'flight'.

Thank you for joining us.

tequila flights

this is a special way to experience the distinct qualities of our different tequilas. all of our tequilas are served with red and green sangrita. you can taste by producer, barrel age or by region to better understand a mysterious and romantic drink .

aha toro . 21

blanco, reposado, añejo .

aha toro is a fifth generation, mexican owned tequila following a traditional, artisan style production method that has proved its worth for over a century. the piñas are sourced from los altos, jalisco and all aging takes place in white oak barrels .

chinaco . 19

blanco, reposado, añejo .

the la gonzalena distillery was founded in 1977 by guillermo gonzalez. the name chinaco honors the local heroes of the mexican war of reform in the 1850's .

corralejo . 18

blanco, reposado, añejo .

corralejo tequila was founded in 1755 and was the first commercial producer of tequila in mexico. their blanco is referred to by don leonardo as 'the truth' for its pure expression of agave flavor. the reposado is aged in three different types of barrels for four months: french oak, white oak and american oak.

milagro . 17

silver, reposado, añejo .

milagro or 'miracle' tequila is estate grown in the los altos highlands of jalisco . after the two distillations, milagro does a third distillation in a small rectifying column to add another layer of purity . the reposado is aged for two months in old bourbon american oak while the añejo is aged 18 months .

don julio . 24

silver, reposado, añejo .

don julio gonzález-fausto estrada established his distillery, La Primavera, in 1942 when he was just 17 years old. At first he only shared his tequila with friends but it quickly gained notoriety and has since spread around the world. the blanco is bottled directly after distillation, the reposado is aged in oak barrels for eight months and the añejo for 18 months.

reposado . 21

'rested' a minimum of two months, but less than a year .

hussong's, el mayor, tenoch .

añejo . 22

aged a minimum of one year, but less than three .

tonala, cazadores, sauza 'tres generaciones' .

mezcal . 19

hacienda de chihuahua blanco, el zacatecano reposado, del maguey 'minero' .

the old impression of mezcal as fire water with a worm in the bottle is an outdated notion. these mezcals are made from the maguey or agave plant and even the word mezcal comes from the nahuatl word "mexcalmetl" meaning agave. We just like to say "para todo mal, mezcal y para todo bien tambien" or, "for everything bad, mezcal, and for everything good too" .

tequila valley . 18

blanco . partida, herradura, casa noble

sitting 4,000 feet above sea level, the tequila valley is a prodigious production area with volcanic soil and warm temperatures, helping the agave make some of the best tequila in the world . tequila from the valley tends to be earthier, less acidic and drier.

los altos . 17

blanco . don julio, chamucos, gran centenario

though this region produces much less tequila than the valley it has some of the most well known producers on the market. with the higher altitude comes cooler temperatures, a longer growing period and the iron rich red soil, all bringing a distinct quality to this sub region of tequila . los altos tequilas tend to be more floral, sweet and aromatic .

gran aviación . 55

experience our finest aged tequilas

don Julio 1942 .

the 1942 goes through its second distillation in a special still called 'pot still #6' which greatly contributes to the extraordinary smooth nature of this fine tequila. it is aged for two and a half years in barrel and won't disappoint.

aha toro xa .

aha toro is located in the los altos highlands of jalisco from estate agave fields and the extra añejo goes a step further than their añejo by aging their tequila in white oak barrels for 5 years .

el tesoro 'paradiso' .

the family of don camarena has been distilling blue agave in jalisco since the early 1800's and is still family owned with don felipe's grandson, carlos, serving as master distiller . each batch of el tesoro is handcrafted and the paradiso is aged for 5 years with cognac barrels in cooperation with alain royer of a. de fussygn from cognac, france .
