### **canela tequila . 10**

mexican cinnamon rested 2 days with sauza conmemorativo añejo

### **raspberry rye . 10**

fresh raspberries rested 14 days with old overholt rye

# tequila flights

this is a special way to experience the distinct qualities of our different tequilas. all of our tequilas are served with red and green sangrita. you can taste by producer, barrel age or by region to better understand a mysterious and romantic drink

## **aha toro . 21**

blanco, reposado, añejo .

aha toro is a fifth generation, mexican owned tequila following a traditional, artisan style production method that has proved its worth for over a century. the piñas are sourced from los altos, jalisco and all aging takes place in white oak barrels .

## **herradura . 25**

blanco, reposado, añejo .

distilled from one of the world's largest distilleries: "la hacienda de san jose del refugio" in "amatitan", the city believed to be the birthplace of tequila. herradura tequila has been in production since 1870. Their blanco is smooth and woody; the reposado; aged 11 months has hints of vanilla and spice; finishing with the anejo, aged two years; and is reminiscent of dried fruit and toasted oak.

## **corralejo . 18**

blanco, reposado, añejo .

corralejo tequila was founded in 1755 and was the first commercial producer of tequila in mexico. their blanco is referred to by don leonardo as 'the truth' for its pure expression of agave flavor. the reposado is aged in three different types of barrels for four months: french oak, white oak and american oak.

## **milagro . 17**

blanco, reposado, añejo .

milagro or 'miracle' tequila is estate grown in the los altos highlands of jalisco . after the two distillations, milagro does a third distillation in a small rectifying column to add another layer of purity . the reposado is aged for two months in old bourbon american oak while the añejo is aged 18 months .

## **don julio . 24**

blanco, reposado, añejo .

don julio gonzález-fausto estrada established his distillery, La Primavera, in 1942 when he was just 17 years old. At first he only shared his tequila with friends but it quickly gained notoriety and has since spread around the world. the blanco is bottled directly after distillation, the reposado is aged in oak barrels for eight months and the añejo for 18 months.

## **cazadores . 22**

blanco, reposado, añejo .

Founded by Senor Jose Maria in 1922; at night, he would admire the blue agave plants in his field and the deer as they wandered through them in the moonlight. "cazadores" is Spanish for "hunters" and symbolizes Jose Maria's constant pursuit of tequila perfection. The blanco is double distilled and bottled without aging; the reposado rests for over two months in new american oak; the anejo ages for over a year in new american oak.

## **corzo . 28**

blanco, reposado, añejo .

slow cooked, a longer fermentation process, and triple distillation sets corzo apart from many of its counterparts. the blanco is clean and peppery; the reposado is aged in small white oak barrels for 3 months; the "double-mellowed" anejo ages for just over a year.

## **gran centenario . 27**

blanco, reposado, añejo .

created in 1858 by lazaro gallardo; a tavern owner and tequila producer, he made a brand called 'seleccion suave'; renamed to gran centenario to commemorate the beginning of a new century. In 1920 lazaro's son, luciano decided to take his father's tequila to full commercial distribution, and so the story goes. The blanco rests 28 days in French limousine oak barrels; the reposado is distilled from carefully selected 10 year old blue agave plants, and rests up to a year in oak; the anejo is aged for 18 months in toasted American oak barrels.

## **el zacatacano mezcal . 19**

blanco, reposado, anejo

the old impression of mezcal as fire water with a worm in the bottle is an outdated notion. these mezcals are made from the maguey or agave plant and even the word mezcal comes from the nahuatl word "mexcalmetl" meaning agave. We just like to say "para todo mal, mezcal y para todo bien tambien" or, "for everything bad, mezcal, and for everything good too".

## **gran aviación . 70**

experience some of our finest aged tequilas

### **don julio 1942 .**

the 1942 goes through its second distillation in a special still called 'pot still #6' which greatly contributes to the extraordinary smooth nature of this fine tequila. it is aged for two and a half years in barrel and won't disappoint.

### **herradura seleccion suprema .**

the first 'extra anejo' produced; this tequila has been produced by the famous herradura family since 1995. It is aged 4 years in oak and has strong, pleasing, vanilla and citrus notes with a delightful cocoa-like finish.

### **el tesoro 'paradiso' .**

the family of don camarena has been distilling blue agave in jalisco since the early 1800's and is still family owned with don felipe's grandson, carlos, serving as master distiller . each batch of el tesoro is handcrafted and the paradiso is aged for 5 years with cognac barrels in cooperation with alain royer of a. de fussygn from cognac, france .
